

Magical Me

Magical Me

is the educational program

based on the children's book *The Magical Song of Sona and Dora*.

Children read about how Sona and Dora go out in search of the magic that will save their lives. Then they engage in a conversation and an art activity that helps them learn about the culture of Puerto Rico and

the message of
the story—

(Magically reveal
hidden picture!)

“Listen to your heart and live your magic!”

The Books and Crafts activity is the Magical Me, magic card. The card has two visible surfaces and one hidden surface. On the cover (visible outside surface) kids draw a picture of themselves with the title “Magical Me!” On the inside of the card, they write a positive message to themselves. On the hidden surface, they draw a picture and write a message about the magic that is inside them. There is also a simpler coloring activity for younger children.

All proceeds from the book sales are donated to assist children and families in Puerto Rico who continue to suffer from the devastation of Hurricane Maria.
